

Residency for KCC Health Career Programs

Applicants who are legal residents of the Kankakee Community College District will be given preference for admission provided all admission criteria are met. All eligible, in-district applicants will be ranked and accepted prior to out-of- district applicants.

Applicants will be required to show a driver’s license or State of Illinois ID as proof of residency as part of the application process, and students admitted to the program will be required to show proof of residency at the time of registration each term. The official definition of residency and description of KCC’s boundaries are available in Student Services

Considered as a “district-resident”
Legal resident of KCC district
Utilizing Cooperative agreement issued by their home community college (See Below)
International student with an f-1 visa and a U.S. sponsor living in the district
International student with a permanent resident card, residing in KCC district
Considered as an “out-district-resident”
Legally resides outside of the KCC district
Not living in the district, but working in the district
Not living in the district, but have a parent or guardian who works/lives in the district
Attends another college/university within KCC’s District 520 and lives in college/university housing.
Granted a charge-back from his/her home community college
International student without an F-1 visa
International student with an F-1 visa, living outside of KCC’s district

Cooperative Agreements

Through cooperative agreements and chargebacks, Illinois community colleges work together to provide you with the most affordable education possible. If your community college does not offer a particular program, a cooperative agreement allows you to pay the in-district tuition rate and be ranked as an in-district student at KCC.

To be considered, you must:

1. Live outside the boundaries of District 520.
2. Contact your community college and follow their process for cooperative agreements.
3. Provide documentation to KCC that your cooperative agreement has been approved.

Notes:

- The home community college may require that pre-requisites and general education classes are taken at their institution.
- Applicants using cooperative agreements must meet the 2.5 GPA requirement at their home community college.
- Cooperative agreements may need to be updated at the discretion of the home community college.
